URGENT NOTICE

IMPORTANT INFORMATION FOR ALL PRACTITIONERS

There have been a number of reports of minerals produced by DHU being made available on the internet via eBay and Amazon; this has been and in some cases still is the case both in Australia and the United Kingdom.

Please be advised that these products may appear to be produced in Bulgaria – but cannot be considered as DHU products and as such are **unlikely to be genuine!**

The packaging, while in the English Language, is NOT a DHU package and concern is shown for the content, as DHU have no knowledge of the distributor. Nor can they or will they vouch for the safety of the content.

The possibility of repackaging taking place and the practice of selling these items, which are classified Pharmaceutical products in Europe, is considered a serious offence, apart from which there are numerous other offences such as copyright breaches, and more - we are informed by DHU lawyers that action is being taken against these companies for the numerous breaches.

Please exercise caution!

Further updates will be forwarded to all practitioners once received by this office.

A.Sutton

Chairman

Institute of Biochemic Medicine (Asia Pacific)

The Institute of Biochemic Medicine (Asia Pacific) is a branch of the German Association of Biochemistry, founded at Oldenburg (Germany) in 1885
